

HUSBAND

THE WIFE IS ...
CAN'T BE ...

A Note and a Telegram Active for Her from Her Husband—The Woman is Still in the City.

Yesterday afternoon a woman with a trunk and some tie-hacker's tools boarded the ferryboat at the upper ferry landing and crossed over to Paducah. She gave her name as Mrs. S. Trobough, and had an address of a Fourth street boarding house, to which she said she was going.

Her husband, Lewis Trobough, came to the landing today to come over and presumably to join her, but before he could board the boat he was nabbed by Illinois officers and taken to Golconda on some charge, the nature of which Capt. Owen did not learn.

He was allowed to write his wife a note, to be delivered to her here, but Capt. Owen, not remembering the address, could not locate her.

A telegram came for her also, but she could not be found. She is still somewhere in the city waiting for him.

RESUMED OPERATION.

The Iron Furnace Again in Blast and Turning Out Iron.

Yesterday the management of the Paducah iron furnace resumed operation at the plant and early last evening made another run of ore. The fires in the furnace were banked a few days ago to allow the suppliers of ore to catch up with the demand, high waters in the Cumberland and the continued wet weather having thrown them behind with their work. It is now hoped that the furnace can be kept steadily at work hereafter, as the management are doing well and are turning out some exceptionally fine ore.

Has a New Nose.

James Werten of Hickman, Ky., who was endowed with a reformed nose by City Physician Sanders at the city hospital last week, left for home yesterday. The newly made nose is a good one and the young man is very proud of it.

Agent N. C. & St. L. Ry.
J. T. DONOVAN,
Agent I. C. & N. Ry.

Mr. George W. Baldwin, one of Paducah's oldest and best known citizens, died at 10:55 o'clock last night at his residence on Jefferson near Sixth streets, from a complication of diseases, after a lengthy illness. His condition for the past several days had been hopeless.

The deceased was born near Smithland, Livingston county, August 8, 1832, but in early manhood he lived at Cairo, Ill., where in 1850 he married Miss Mary Clayton, who survives him. He enlisted in the confederate army at the outbreak of the war, and was in the ship constructing department, having assisted in building the celebrated "Arkansas Ram" afterwards destroyed at Vicksburg.

After the war he came to Paducah and lived the place so well he located here and became a building contractor, and until a few years ago owned and operated a brickyard on North Sixth street.

Mr. Baldwin did not seem to care much for public life, but served two terms in the council from the First ward.

The deceased leaves a wife, one daughter, Mrs. R. J. Settle, two sons, Messrs. James Baldwin, of the city, and John O. Baldwin, of Cairo, as well as two sisters who reside in Illinois, and a grand daughter, Miss Charlie Belle Baldwin, of Hopkinsville.

He was a Mason, Knight Templar and past dictator of Washington Lodge, Knights of Honor.

The funeral will take place tomorrow morning at 10 o'clock from the residence of his daughter, Mrs. R. J. Settle, on Jefferson street, interment at Oak Grove. The services will be conducted by Rev. W. H. Pinkerton, of the First Christian church. The burial will be under the auspices of the Masons.

Practitioners of Osteopathy.

Drs. Breckelove & Durham, the osteopaths, have opened an office in the Brook Hill block. They have a suite of three rooms which they will nicely fit up for use.

Mrs. Durham is a young woman of high standing in her profession, being a graduate of the Southern School of Osteopathy. Dr. Breckelove is a leading practitioner and a gentleman of much reputation also.

Dr. Breckelove and Dr. Durham come to the city most highly recommended and will no doubt find cordial welcome.

A RED HOT TOWN AND BODY

The Air is Full of Rumors and Conjectures as to Booms for the Second Place, But They Are Wind.

BRYAN IS TO BE DEN BOSS MANAGER.

KANSAS CITY, Mo., July 3.—Ex-Governor Hill is back from his visit to Lincoln but will say nothing as to the force and effect of his talk with Bryan. There is however a greater boom for the New Yorker for second place and he would be a strong aspirant if he would consent to the use of his name, which up to now he has refused to do.

The discussion of the silver question by the monetary league yesterday showed much diversity of opinion as to what the convention should do. General Warner, the father of the silver cause, said too much stress was being laid on the ratio, but "Coin" Harvey thought to the contrary. The Governor, John P. Felt, a heavy lender of the convention, did not declare specifically for the old ratio, but said the league had another meeting this forenoon to discuss a talk by General Warner on the currency bill. The league has formulated an address to be made to the convention, and it is expected that they will then make a declaration of their position.

There is no question as to the fact that the platform committee of the convention is now in the room of the platform committee and not in the convention hall. The New York Herald has published a list of the members of the platform committee, and it is expected that they will then make a declaration of their position.

There is an apprehension of a riot on the night of the convention, and it is expected that the police will be called out to maintain order. The convention is expected to be a success, and it is hoped that it will result in a declaration of the platform committee.

Carter Harrison declares he is not a candidate for the vice presidency and is for an eastern man. Ex-Congressman Shively is out of the vice presidential selection. He declares he does not want the place. Suizer and Towne seem to think they are high among those whom lightning may strike. Croker says Tammany is for the ticket and the platform, no matter the decision in either instance.

KANSAS CITY, Mo., July 3.—The town and the delegates to the National convention have sweltered in a maelstrom of heat since morning. Only a faint breeze prevents much suffering. It is truly a red hot day and a red hot crowd.

Though the hotels are full and overflowing the crowd continues to increase. The streets will have to entertain many tonight unless their is unexpected relief from some source not now visible.

It is declared as settled that Bryan is to have his way with the platform committee. What he says will surely be done.

Towne's chances for the vice presidency are brightening. He has from some cause not quite clear taken on a healthy boom.

Though there is much to interest the delegates are anxious for tomorrow and the hour of high noon, when the convention gathers.

KANSAS CITY, Mo., July 3.—The National committee did not carry out the understanding of yesterday and select Mayor Rose, of Milwaukee, for temporary chairman. The selection of the committee is Governor Thomas, of Colorado. The committee also seated the Clark delegation from Montana, which is quite a frost to the opposition to the senator.

Many new Towne boomers are appearing this afternoon. There seems a determination to flood the city with his supporters. All are offering to be his favorite. BRYAN IS TO BE DEN BOSS MANAGER.

BIG STRIKE OFF.

St. Louis Strikers Signed an Agreement Which Ends the Trouble.

ST. LOUIS, July 3.—The big

car strike here is off. The strikers last night accepted an agreement whereby the traction company returns its new men, but gave the old ones the preference for all vacancies and held no grudge against any of them. The agreement is a mutual fall down. It went into effect last night and today cars are moving as of old.
